

# 2018 FAMILY INTEGRATED CARE CONFERENCE

## 8 - 9 September, 2018

### Grace Hotel | Sydney, Australia

The conference brings hundreds of care providers and internationally renowned scholars to share what we know to date about the outcomes of FiCare babies along with a forum to discuss critical issues that affect the FiCare implementation. The conference features:

#### Research

- International Initiatives from Australia, Canada, Finland, the United Kingdom, and the United States
- Neurodevelopmental Follow-Up Outcomes
- Theory of FiCare: Perspectives of Family and Caregivers
- FiCare in the Community
- Challenges with Implementation & Solutions

#### Family Journeys & Impact

- Compelling parent stories of FiCare babies and how NICU care has changed because of FiCare.

#### Knowledge Exchange

- For new and experienced site teams: didactic and interactive sessions to discuss, inspire and provide support for FiCare implementation and sustenance.
